KNOW BEFORE YOU GO

- Bring a swimsuit: The hot springs are the main event. Pack yours in your day bag — the bathhouse has changing facilities but limited space.
- Rain gear is mandatory: Southeast Alaska averages over 100 inches of rain per year at Warm Springs Bay. Waterproof jacket and shoes are essential even on sunny mornings.
- Don't miss the tender back: There is no town, no hotel, and no rescue option if you miss the ship. Note the all-aboard time and set a phone alarm.
